2 The English portion of the note by Raja Kempe Gowda in favour of the Mysore Court is in pencil and the Englishman agreed to show that the management of the Mysore institution is very loose, the temple does not derive proper income, no proper check is exercised over collections, there is a great misuse of temple funds & the local authorities are not paying attention & he has therefore directed the D.C. to ask the Executive Officer

The May comm. notes of inspection of the Kigga temple discloses a very unsatisfactory state of affairs.

The new Committee of Dharmadarsis appointed a year ago has not met even once and the temple Shekdar is stated to be unfit for the discharge of the duties appertaining him. The remedy lies in appointing a competent man at Vizagapatam.

The Mc suggests the doing away of the whole hereditary appointment and entrusting the work to the Hobli Shekdar residing at Srikurmam. I am inclined to think that this arrangement will not be conducive to the interests of the institution.

There is a lot of work to be done by a conscientious worker residing at Kigga itself, and I do not think the Hobli Shekdar however competent he may be will give same matter. The notes of

The Mayr Court has ~~twice~~ emphasised the need for urgent action, and the D.C's ~~should~~ repeated reports action likewise that the S.D.O may be assisted.

10 The temple building is rather a large one. Whether it is kept in good repair has not been specifically mentioned in the notes. I presume it is.

No. 1 Rev 2.

FROM

The Muzrai Commissioner in Mysore.

Rev 301-28-1

To

P. Srinivasa Iyengar, Esq., B.A., B.L.,
Secretary to the Government of His
Highness the Maharaja of Mysore,
Financial Department.

SIR,

I have the honor to submit herewith for the information of Government notes of my inspection of Sri Vigyasringesva asva temple at Aiga and Sri Harikatapurandhi at Honnavalu.

I have the honor to be,
Sir,
Your most obedient servant,

Muzrai Commissioner.

Note.

Sri Risha Sringeswarasvami temple at Kig. a Koppa Taluk.

This temple was inspected by me on 18-4-1928.

This is a major institution. The revised scale of income and expenditure was sanctioned by Government in their - Order No.507-10/Muz.4-21-2 dated ~~the~~ - 2nd August 1921.

Sources of income.

From lands.

This institution is endowed with - 905 acres 29 guntas of inam lands ---- assessed at 3364-14-0 in 16 Government villages of Koppa & and 11 villages in the Sringeri Jaghir. 38 A. 25 guntas are Phut Kharab and 79 A.21 G assessed at 345-6-0 are assessed waste. On 1-7-27 the area actually under --- occupation was 787 A 20 G assessed at Rs.3009-6-0. During 27-28 an extent of 38 Ac.1 G assessed at 134-4-0 has become unoccupied (2 Ac.36 G by absolute ----- relinquishment and 35 Ac.5 G by forfeiture and sale on account of default in payment of gutta) The income from this portion was 141½ Kandhis of paddy and Rs.104-8-3 in cash. Total area of assessed unoccupied waste is 117 Ac. 25 guntas - comprising of 30 ac.29 guntas of garden land. The extent of assessed unoccupied waste in 21-22 was 77 ac.7 guntas ---- comprising of 25 ac.21 guntas of garden and 51 ac.26 guntas of wet. So in the - course of 6 years an additional extent of 5 ac.28 guntas of garden and 35 ac

10 guntas of wet has been relinquished the systematic relinquishment of lands and consequent loss of income are ----- matters of serious concern.

The institution has a cash grant of Rs.6-9-0 per annum.

The net area of inam lands under -- occupation is 749 Ac. 19 guntas assessed at Rs.2874-8-0.

In the village of Yedadalli there is an extent of 1 Ac.12 guntas of Sirkar Bagayat land assessed at Rs.10/-

The toal area of inam and sirkar lands under occupation is 750 Ac.31 guntas -- assessed at Rs.2884-8-0 comprising of

Wet	648	Ac.18	C. assessed at	2001- 4- 0
Garden	95	1	- - - - -	881-12- 0
Dry	7	12	- - -	1- 8- 0
Total.	750	Ac 31	g	2884- 8- 0

Lands are held at different systems of tenure Garden lands are leased at full survey valuation plus cash payment which is not uniform. The existing rates have been in force for a long time and the -- authority under which such leases have - been given is not forthcoming. The income to the temple from an extent of 93 Ac29 Guntas of inam garden lands assessed at Rs.817-12-0 is Rs.871-12-0 full survey - valuation plus Rs.708-11-8 extra cash -- called Jigite. On the 1 Ac.1 Gunta of bagayet in Sringeri Jaghir 4 mds. of arecanut are fixed as gutta. This is the only instance of gutta in lieu in respect of Bagayat lands and it is the most advantageous to the --- institution as will be seen from the following

Since 93 Ac.29 guntas are held at an annual gutta of Rs.871-12-0 survey ---- valuation, plus Rs.708-11-8 (Migite) -- extra cash i.e., 1580-7-8 or 1580/- for 93 acres, each acre yields a gutta of Rs.16/- to 17/- and comparing this -- with the bagayet rates of assessment in the locality viz., Rs.7/ to 12 per acre the income does not work out to twice - the assessment on an average which is a very poor return

Again comparing the existing rates of gutta with the rates prevailing in the - locality on private lands, the result is very disappointing, for it is ascertained that the local rates are 8 to 10 maunds of areca per acre which calculated at the lowest market rate of Rs.10/- per maund - will be from Rs.80 to Rs.100 per acre. Whereas the existing rates of gutta on temple bagayet lands are just a fifth of the prevailing rates. The reason is not far to seek. Temple bagayat lands have it is stated, very much deteriorated ---- for want of proper cultivation by guttadars those one and only aim is to get as much as they could with the least cultivation or no cultivation at all. The lands are also situated in a very remote part of the Koppa taluk very thinly --- populated with extremely heavy rainfall.

A special sheikdar was sanctioned by Government to manage the affairs of - this institution which owns extensive - lands. He is expected to work under - the guidance of the Amildar. The duty

of inspecting the garden lands was ---- specially assigned to him. Instead of any improvement in cultivation an additional extent of 5 Ac.8 Guntas of garden lands which is reported to be in a most ------ neglected condition has become unoccupied. The present man is hardly fit physically for such duties and seemed to be totally - lacking in energy. The selection for the appointment does not seem to have been -- made with reference to the mans fitness, but merely as a means of giving promotion. The Sheikdars in charge of the temple from time to time since 1921 do not appear to have done any inspection work. Unless all the existing garden lands in the occupation of guttedars are thoroughly inspected larger and larger areas are certain to be relinquished and the temple needs the --- services of a very energetic man.

As the entertainment of a special --- Sheikdar has been tried and found to serve no needful purpose the appointment may be abolished. The Hobli Sheikdar whose Head Quarters we are at Sringeri may be given a small allowance and put in charge of the temple affairs. He seemed to be a smart and energetic young man. The work is however such as not to require a full time man. There ~~is~~ are at present 2 Shanbogs. The -- senior Shanbog gets Rs.12/- per mensem. The direct management of temple affairs such as maintaining accounts collection of ~~Jodi~~ Gadi paddy kanikes etc., may be entrusted to him, under the supervision of one of the Dharmadarsis and the Sheikdar. As he will have to handle cash some small security should be obtained from

A small increase of pay may be given for - the additional work. As regards the -- responsibility of guttadars holding temple garden lands a Kutchalika should be taken from them to the effect that they will -- keep the garden in good cultivation and -- will hold themselves responsible for any - damage to the garden due to their neglect. At present there does not appear to be any binding agreement of the sort. The present guttedars are having all the advantages of a perpetual lease and should be held responsible if they have allowed the lands to ----- deteriorate.

Wet lands have been ~~left~~ leased out at two ---- different rate of gutta

(1) 332 ac. 25 guntas of wet lands assessed at Rs13-8-0 are in the enjoyment of tenants - who pay the full survey valuation and 6 annas more in the rupee of the assessment. The income from this class of lands is Rs.913-8-0 full survey valuation + 253-13-1 called ---- Migute, making up a total income of Rs.1167-4-1 The average income per acre works out to ---- Rs.3.5 per Acre.

As per orders of Government contained in G.O.No.507-10 Rev.4-21-2 of 2-8-21 the ----- existing rates of gutta on the above were --- enhanced by 10 annas more per rupee of the -- assessment so as to bring up the gutta to -- twice the assessment in order to augment the temple revenues. The guttadars have all --- protested against the extra levy claiming -- kodim tenancy. There is no doubt great --- disparity in the rates levied on the ryots

ed so as to favour certain holders and throw an unfair burden on others. The Sub Division Officer should be asked to hold a detailed -- investigation and a more equitable system of rental devised so as to ensure a proper return to the temple while it is at the same time fixed on some uniform equitable basis.

2. An extent of 315 Ac.33 guntas assessed at 1087-12-0 is let out for gutta in kind plus an additional amount called "Melhana". The income from this class of lands is 1566 --- kandies of paddy plus 287-8-7 cash fixed - arbitrarily. Calculating cost of paddy at Rs.5/- per palla of 2 kandies the total income will be Rs.3915 cost of paddy plus 287-8-7 -- cash (Melhana) making up a total income of -- Rs.4203/-. This works out to Rs.13-4/- per acre nearly. This is the more advantageous form of gutta. The reason for treatment of wet lands differently difficulty is not understood. The rates should be fixed uniformly. As per Jamabandi accounts of 27-28 total demand was Paddy 1566 kandies, areca 0 maunds, cash 3690-8-3.

The arrears of gutta both cash and grain due to the institution on 30-6-27 was as noted hereunder.

Cash	1013-14- 5
Areca	18 maunds
Paddy	1462 kandies 19 kilagas and 4½ paddy.

In the cash arrears are included the following items:--

(1) Rs.3575 being the arrears due from Hedase Srinivasa Shastry on account of loan due to the temple.

(2) Rs.3552 being the accumulated arrears of the enhanced gutta by 0-10-0 in the rupee which is under protest (3) A sum of Rs.633-4-3 is for remission due to the damage -- caused to lands by floods. Other sources of income are:--

(1) Interest on investments.

The institution holds Rs.12500 in 6½% State Loan bonds yielding an annual income of Rs.781-4-0 per annum.

(2) Interest on loan to Mr. Hedasi ---- Srinivasa Shastry from temple funds.

From a copy of a registered mortgage deed with the temple shanbog the following information is collected.

In 1885 a sum of Rs.2500/- had been -- lent at 9% interest from temple funds to messrs Hedasi Srinivasa Shastry Krishnadeva Shastry and others on the security of their lands. As there was default in the repayment of the loan a civil suit was launched in the Shimoga Sub Court and a decree passed for Rs.3850/- in C.S.No.5 of 03-04 dated 29th February 1904. A sum of Rs.964-9-2 appears to have been recovered in cash from the -- debtors and a fresh registered deed got --- executed on 26-4-17 for Rs.4500/-. The conditions of repayment were (1) Rs.2500/- the original loan to carry 5% interest. The interest to be paid annually plus 250/- -- towards principal. (2) The balance of ----- Rs.2000/- to be repaid in ⅛ ten annual ----- instalments.

(3) The entire loan to be discharged in 10 years.

Neither the principal nor the interest

nterest is being recovered. In the ---- accounts ~~a sum of~~ at a sum of Rs.375/- per annum is accumulating from 17-18. The arrears on this account on 1-7-27 were 3375/-. Action is being taken to recover the amount.

Other items of income are of a ---- fluctuating nature. These are Kanikes and voluntary contribution of areca nuts and Golaka etc. Kanikes are levied on sevas. A sevartha and kanike register is maintained from November 1926. Prior to that no fees were levied. Total collection up to the end of March 1928 is Rs.335-14-5. There are different kinds of sevas such as "Tula Bhara," Panchamruta, Rudra Homa, Rudra-abhisheka etc., A scale of fees has it is stated been fixed by the Deputy Commissioner Kadur District. Articles required for sevas are supplied by Sevarthadars. A manuscript counterfoil receipt book is maintained for granting receipts. The temple Sheikdar --- received the amount and grants receipts.

"Tulabhara" (weighing oneself against rice cocanuts gm jaggory etc.,) is in vogue. The fee fixed for each seva is Rupee one. Up to March 1928 there have been 11 such sevas. The articles against which the votaries --- weighed themselves were rice & cocanuts, and the income to the temple from this source was 152 seers of rice and 404 cocanuts. These have been made over to the Secretary of local Co-operative Society for being sold and are remaining unsold. This is an ---- irregular procedure. Cocanuts and rice are required for daily use. These articles --

Correct weight and value of each Jewel are not noted. As per remarks in the --- Jewel register certain unserviceable gold ornaments have been melted and the ingot - weighing $26\frac{10}{16}$ tolas is stated to be with Mr. Channakesava Rao one of the Dharmadarsis for being made into an ear ornament. ----- Similarly 109 gold Lakshmi coins are with -- the Sringeri Deputy Amildar for being made into a neck ornament. So also 13 tolas of - gold are noted as having been given to the - Sringeri Jaghir Deputy Amildar.

It cannot be made out from the register if the jewels for which gold and gold coins were given have been made and where they now are. Necessary information may be furnished.

Two separate registers should be maintained one for entering Jewels in good condition and the other for unserviceable jewels. If any jewel becomes unserviceable it should be ----- struck of from the register of serviceable --- jewels and entered in the register of unserviceable jewels, a note being made in the former - that the jewel having become unserviceable h- been transferred to the latter register. If subsequently an unserviceable article is ----- converted into a new Jewel it should be struck off from this register a note being made in the remarks column to that effect and entered in the register of serviceable jewels as a new entry with its actual weight and -- value. This will facilitate exercising ----- check on Jewels.

Besides jewels the temple owns copper and brass vessels. A register is maintained but it is not in proper form. There are so

some irreparable utensils. These -- may be sold. Weig t and value of each vessel should be noted in the register as well as date of purchase or presentation.

To identify vessels the serial - number of the article in the stock register nd some distinguishing letters should be got impressed on each vessel.

Except a silver Vandi there are no other vahanams. The temple owns 2 big and 1 small car.

The present system of purchasing articles required for Nityakatle and Hetchukatle services is not advantageous to the institution. All articles required for temple use are supplied by the local banking co-operative society. The ---- society it appears buys these articles locally and supplies it to the temple/charging 0-0-6 in the rupee as commission. The temple ---- consumes annually about2000 Rs. worth of articles. These may be given on contract, Sringeri which is only 3 miles away from Kigga is a big --- trading centre and there are a number of --- merchants who may take up the contract. ---- Approximate quantity of articles required for a year should be determined and an estimate made and tenders called for.

Grain and/other articles which could be used for these services and which are now -- received either by way of rent or collection from the people as stated above could be ---- utilized for these purposes but owing to proper organization there is great waste and I am -- afried also misuse.

Printed counterfoil indent books should be supplied to the Sheikdar. Articles received on

Jamakharch register.

The form in which the Jinisi Jamakharch register is maintained is not correct. It should be in the form of a stock register - with the names of articles appearing at the top horizontally. The receipt and issue -- of each article should be entered vertically under each class and the balance struck daily.

Gutta paddy is collected by the temple -- Sheikdar from tenants. A printed counterfoil receipt book is maintained. This is issued - by the Sheikdar calling upon the tenants to deliver the gutta paddy to the temple servant either on account of his remuneration or ----- Amrutapadi. The temple servant acknowledges the receipt of paddy on the reverse of the -- counterfoil. A paddy stock register is ----- maintained but the collection of paddy made by the temple servants and taken by them either on account of their wages or Amrutapadi is not -- entered in this register. Paddy collected on account of Sivakocta and Hotchukatle sevas only is entered in the stock register. This is -- irregular. All paddy collected from tenants whether disbursed to temple servants on account of their wages or Amrutapadi should be entered in this register and the disbursement thereof also noted therein. The number and date of counterfoil should be entered against each - entry of receipt in the stock register. I am afraid there are a number of bogus ----- transactions which the present system -------- encourages.

The Shanbhogue enters all collections of gutta paddy withreference to counterfoil in the individual khate of each tenant. C t of the utta paddy collected the following -----

10 kinds of

following isbursements are made:--

For amruta adi i.e. for offering cooked rice to the deity. 3[illegible] are allotted for this purpose and distributed as hereunder -

280 kandies for the main deity. This is distributed to ten staniks at 28 kandies each per year. Each of these brings a measure with [illegible] seers of rice daily morning and night cooks it in temple premises -- and offers it to the deity and takes it away home. The quantity of paddy allotted for this purpose is issued in advance.

45 kandies are issued to sub-institutions on account of Amrutapadi in advance

80 kandies are allotted for Sivaratri feeding. The quantity required is issued for [illegible] time.

Temple servants are paid both [illegible] and monthly. The quantity of paddy [illegible] is noted hereunder:--

3 staniks at 46 kandies [illegible]			138

Ramas Archak	10		
2 Parkcharicks	46	do each	92

Paddy allotted both for Nityakatle and wages is issued in advance. The issue of paddy in advance, on account of wages to -

to servants is not conducive to efficiency, but it is stated to be necessary as otherwise it is not possible to get persons to live in this out of the way place.

Attached to the temple there is a --- Sivakoota. This was sanctioned for the - first time in 21-22. The annual allotment for its maintenance is 108 rupees cash and 50 kandies of paddy. It was sanctioned - to feed the devotees visiting the temple. This is located in a portion of the temple. A manuscript register to note the names of persons fed is maintained only from -- 25-12-27. This register is not properly written up. It should be written from day to day and a monthly extract of this ---- register should be submitted with Paditara bill to the Taluk for being scrutinized by the Amildar. At present there is no sort of check on Sivakoota feeding.

Paddy doles to subordinate deities.

1. Kela Mallikarjuna is within the temple precincts. 10 kandies of paddy are ------ allotted to this institution per annum for Naivedya. Baksha and Naivedya man attends to the worship of this deity and receives the paddy.

2. Katte Ganesha is in front of Kela ---- Mallikarjuna. 10 kandies of paddy are -- allotted for Naivedya. One Shankarabhatta attends to worship and receives the paddy.

3. Chavadi Ganesha - at the entrance near Dwarapalakas 10 kandies are allotted for Naivedya-Panchange Shama Jois attends to worship and receives the paddy.

4. Aswatha Katte at the northern he outer prakara. 10 kandies of

addy are allotted for Naivedya. Shankar Bhatta worships and receives the paddy. The surroundings are kept very dirty.

5. Basavanna - 5 kandies are allotted for worship is situated within the temple ataka Srinivasa worship and receives -- the paddy.

The following gentlemen have been -- appointed as Dharmadarsis in Notification No.1170-327-25-7 dated 28-1-28.

Mr. C.N. Subba Rao (Convenor)
" Srikanta Shastry,
" Channakesava Rao,
" Muruvina kambi Seshagiriappa,
" Manjappa Naik
" Honnahalli Anniah Heggade
" Veeriah Setty.

The chair man is labouring under a ------ physical disability and it is not possible for him to attend the meetings at Kigga.

The existing committee has not met even once since its formation. The --- last meeting ~~held~~ held on was 11-10-26 by the old committee. Rules require that the committee should meet at least once a month and that at least 2 Dharmadarsis should be residents of the village where the temple is situated. None lives in Kigga except Messrs Manjappa Naik and Channa Kesava Rao who live within a radius of 3 miles from the temple the others live at Sringeri and far away places. The Dharmadarsis are not exercising any manner of supervision over the temple affairs.

The Deputy Commissioner is requested to submit proposals for change of the Dharmadarsis.

There is a Sanskrit Patasala attached to the temple and located within the temple building.

There is only one teacher on Rs.8/- per -- mensem. There are two classes containing 8 students. The teacher says that if -- feeding arrangements are made he can ----- arrange to get a few more students. Arrangements may be made in the Sivakoot as the ~~no~~ number of visitors resorting to it is very small.

Accounts maintained by the Sheikdar.

1. Register of struct once scale.
2. Stock register.
3. Paddy issue register.
4. Acquittance roll of establishment charges from August 1926.
5. [illegible] from July 1926.
6. Proceedings book of Sheikdar.
7. Register of Chalageesis
8. Zero book
9. Counterfoil receipt book
10. Issued Chalageesis
11. Paddy stock register
12. Register of tenants
13. Miscellaneous register
14. [illegible]
15. Travel register
16. Current register.

The most important register the cash book is not regularly kept. This is objectionable a register should be opened at once.

The present system of drawing pay and Cadjeries bills is very defective. The Taluk office draws the pay bills and remits to the ----- Sheikdar for disbursement. It is not known on what authority the pay bill is drawn in the Taluk office without any materials ----- supplied by the persons who get the pay. The natural result of this is that they -

often pay is disbursed to persons that may have done no work. The correct -- procedure to draw bills is to get from the temple Sheikdar - copy of the pay bill prepared with reference to their non register and order book. As this procedure was not adopted the pay of temple establishment or arrears received by the Sheikdar was retained by him, for want of attested disbursement sheet, as certain temple servants had not been paid. In future arrangements should be made to obtain a bill from the -- temple before the end of the month so that taluk office should draw the amount on the authority of this bill and remit the amount before the 2nd or 3rd of a month.

The amount required for disbursement is sent by the taluk office but it is the temple has to come and the messenger to receive the amount. This is an unnecessary and inconvenient procedure and usually. In the case of the extra allowance to village -- (G.O.No.P.1352 G/L. 270- 1-2 Dated 10th September 1925) arrangements have already been made that the amount may be remitted by money order. Similar arrangement may be effected to remit the amount similarly.

The assessment on certain temple lands is also by many other than the Shanbogue. It may be due to the inam land has been inherited. Few instances of the kind are noted here --

Note:-

Sl. No.	Name of the Shanbogue.
1	Durga Nagabhatta assessment bill by Shambhe Sankar Venkatesh and Hosadeva Hanlu Veerabhadrappa - Sidla hin kola

assessment paid by Mr. Channakesava Rao.
No.5 Krishna Rao - do -

There are about 30 or 31 instances of the kind. A detailed enquiry may be -- instituted in the matter and the lands if alienated should be resumed and restored to the temple.

The temple premises are very spacious. Lighting arrangements are very defective. Only a small ~~Harieane~~ hurricane lantern is kept -- burning. Better lighting arrangement -- should be made. Arrangements have however been made for night watch e.g. 1 Archak, 1 Shanti, 1 Stanik 1 musician and 1 Kavangar are stated to sleep daily by turns.

The irregularities referred to in detail also show that the management of the institution and its supervision are very loose that the temple does not derive its income fully, no proper check is exercised over collections and a system of making up ----- payments in cash and kind has come up --- which gives rise to great misuse of -- temple funds.

Owing to distance the affairs of the -- temple do not seem to receive any attention from the local authorities. The Deputy Commissioner is requested to ask the Sub-Division Officer to camp in the place for 2 or 3 days and set all the irregularities referred to in the note right without delay. Having regard to altered --- conditions a new settlement is necessary

and a full and detailed report should submitted by the Deputy Commissioner - with in a month.

Deputy Commissioner

N o t e.

Sri Hariharpura Matha at Hariharpur, Koppa Taluk. Date of inspection - 16-4-28.

This is a major institution. A scale of income and expenditure has been sanctioned by the Muzrai Commissioner in No.R.Dis.37-27-28 dated -- 17-10-27.

The Matt building is in a very dilapidated condition and is in need of extensive repairs.

The Matt has no cash grant but has land inams. It has also sirkari lands in its khate.

The total extent of Inam and Sarkari lands is 294 A& 13 Guntas assessed at 1329-8-0. Out of this area 19 A.24 G are banjar. The lands are situated in the following villages.

	Inam.	Sarkari.
	A. G.	
1. Hariharpur	42-17	41-29
2. Yedadanti	0- 0	87- 0
3. Mela Belre	0- 0	47-16
4. Kuppali	0- 0	52- 1
5. Kunimakki	0- 0	0-23
6. Kamalapura in Narasimharajapur Sub Taluk.	0- 0	23- 7
Total.	*42-17	251-36

*The 42 A.17 G of inams include the inams of the following institutions which are treated as subordinate to the Matt.

1. Matt proper	13A	- 9 G
2. Hariharpur Narasimha devaru (the presiding deity)	11	-11
3. Sri Saradamba	14	-20
4. Nadimandey Aswatha Narayana	0-	15
5. Sringeri Brahma & Chowdi	0-	10
6. Ambalike Choudes wara	2-	32
	42-	17

The area under assessed waste is:-

1. Hariharpur	1 Ac.	-	11 G.
2. Yedadanti	13	-	26 -
3. Mela Belre	4	-	27 -
*	19 Ac.	-	24 G.

* This extent was relinquished during the floods of 1924 due to deposit of silt.

The amount of Jodi and cesses and L.R. --

L. R. payable to Government is 1387-3-9 in --- respect of the above lands.

The Demand as per Jamabandy accounts of 27-28 is as noted hereunder:--

Ayyan (L.Rev.)	753-12- 0
Migate	279- 4- 0
Kanikes	39- 9- 0
Local cess	47- 1- 9
Irrigation cess	47- 1- 6
Railway cess	23-10- 0
Education cess	23-10- 0
Notice fee	8- 0- 0
Interest	11-14- 7
103 Mds. of areca at Rs.12 per md.	1236- 0- 0
603 kandies of paddy at Rs.3/- per kandy.	1809- 0- 0
Total.	4278-14-10

Arrears of gutta due to the institution on 22-4-28 were

Nuts	149¼	Mds.
Paddy	182¼	Kandies
Cash	32-1-9	

Out of the 149¼ mds of nuts 87¾ mds are reported to be irrecoverable as the whereabouts of the -- genidars are not known. The arrears relate to -- the period from 21-22 to 26-27.

Out of the 182¼ kandies of paddy due to the temple 125 kandies is the gutta on wet lands -- damaged by floods. It is stated that a recommendation has been made to remit the arrears of gadi paddy.

Leases.

All garden and wet lands have been leased as noted hereunder.

Garden lands.

Garden lands. 10 Ac - 26 G of garden lands have been leased for 33 mds of areca.

9 Ac -11G do 70 mds of areca / 29 Rs.

37 Ac -18 G do for cash Geni 671-1-7

Total

57 Ac. 15 — 103 mds of areca / 700-1-7.

There is considerable disparity in the rates of geni on garden lands.

(a) From an area of 19 ac. 37 G (vide supra) or nearly 20 acres the income to the institution is 103 mds of areca and Rs.29 in cash. Calculating the cost of areca at Rs.12/- per md. the yield per acre is 63¼ Rs. (1-) This works out to Rs.17-14 and odd annas per acre. The institution is loosing much by this form of lease.

37 Ac 18 G or 37½ acre garden lands yield 671.

There must be one uniform rate of lease and the existing rates have to be suitably revised.

Wet lands. Even in the case of wet lands there is no ----- uniform rate of geni e.g.

1. 76 Ac - 19 G have been leased for 223½ kandies of paddy ~~A~~ 133-11-9 cash.

2. 73 - - 5 do 380¼ kandies of paddy (no migate amt.)

3. 66 - leased only for cash geni of Rs.329-14-5

The following is the average income per acre calculated at the above rates.

From No.2 supra 15- 8- 0 per acre

do 3 - 5- 0- 0 -

do 1 - 10- 8- 0 -

The revision of the above rates is very urgent and the matter has to be looked into early.

Inadequate leases On looking into individual leases the following cases of inadequate leases were found:--

(1) 6 Ac.32 G of Hariharpur village have been leased to Abdul Waheb and Khasim Sab (S.Nos.101) for Rs.33/8

(2) 7 Ac.24 G of yedadanti village have been leased for Rs.17-8-0 to Venkata Rao and Abdul Razak (S.No.54

(3) 5 Ac.31 G of Yedandanti have been leased for Rs.17-8-0 (S.No.49) to Abdul Razak.

(4) 2 Ac.16 G do 7-8-0 to abdul Razak and Narasimhiah (S.No.53)

etc., etc.,

The yield per acre is only about Rs.3/-

As All such in-adequate leases should be investigated and suitable revised rates fixed.

Alienations.

There appear to be unauthorised alienation of lands e.g.

Khate No.10 is in the name of Savitramma w/o Padmanabha Bhat but the person in the actual possession and enjoyment is Abdul Razak Sabi. This Khate consists of the following S.Nos.

No.104 Sarkari of Hariharpur

" 119/1 & 119/2 Inam do

" 120/1 Sarkari

" 127/ part do

The above khate lands are reported to have been sold during last year for Rs.2000/-

A thorough investigation should be made -- to find out other cases of unauthorised alienation and steps taken to resume such lands for being --- restored to the institution.

Examination of D.C.B. Statement.

On checking the collections from 20-21 there is a difference of Rs.158-13-9 between the collection as per Khirdi and the audited figures i.e. the Kirdi fugures are more by the above amount. The amount in question represents the assessment on Kamalapura lands. Since this amount does not appear under Muzrai Funds it may be that it has been paid directly on account of kandayam which has been paid from Muzrai funds also. Information may be furnished that the above amount has not been debited to -- Muzrai funds a second time.

2. Similarly there is a difference of -----

of 144-14-6 between the audited figures as per ------ Comptroller's books and the Khirdi under receipts i.e. the amount entered in the Khirde is more during 21-22 and 22-23 by the amount entered above.

3. During 23-24 the audited figures are more than - the collection entered in the Khirdi by Rs.2175-4-6. This difference is made up of Rs.2299-14-0 more in -- October 1923 and Rs.15-5-0 in November 1923 in Comptroller accounts. The sum of Rs.139-14-6 appears more in Khirdi this year and this is the assessment on Kamalapur lands.

4. In 24-25 the total collection as per khirdi is more than the comptroller's figures by Rs.496-0-8. This --- difference is made up of Rs.139-14-6 assessment on Kamalapur lands and 356-2-2 belonging to the institution in -- question having been erroneously credited to Megar ------ Venkataramanaswamy in April 1925. Information regarding Kamalapur Kandayam may be furnished. Needful action may be taken in consultation with the Comptroller to have the sum of Rs.356-2-2 transferred to the Matt funds from ---- Megar temple.

5. In 25-26 collection as per khirdi is more than the - audited account by 139-14-6 being the assessment on Kamala pur lands.

6. In 26-27 collection as per kirdi is more than the -- figures compiled in this office by Rs.218-11-0 made up -- 143-11-0 Kamalapur assessment + Rs.75/- credited to Revenue Deposit. The amount in Revenue Deposit should be credited to Matt funds.

All that remains to be done in this connection is to furnish information if the assessment on Kamalapur lands has not been charged to Muzrai funds/and to get the sum also of Rs.356-2-2 wrongly credited in April 25 to Megar temple funds transferred to the funds of Hariharpur Matt. The amount in deposit may also be similarly transferred to Matt funds. (~~vide statement exhibiting the result of verification attached hereto~~.)

In the scale of expenditure 294 kandies of --- Gadi paddy are allotted on account of the following items of expenditure. Sanctioned scales.

(1) To Narasimhadevar archak on account of pay	30	K
(2) To Saradamma —— do ——	30	K
(3) Gurugalapuje man	15	K
(4) Purohit	10	K
(5) Boyees	20	K
(6) Masalchi	9	K
(7) Paditara	180	K
Total.	294	K

The 180 kandies of paddy allotted for paditara are for daily Naivedya to the deities and feeding desantries day and night. The cook, the Paricharak, the store-keeper peons, the clerk and the archaks also eat in the Matt. The above servants reside in the Matt premises and look after it during the Swamigalu's absence on tour.

The Hariharpur Hobli Sheikdar Supervises the affairs of the Matt and its endowments. He gets a monthly allowance of Rs.5/-. There is a clerk on Rs.10/- a month who maintains accounts. The following registers are maintained. (1) Khate (2) Kirdi (3) Rent Roll (4) Pahini (5) Kammi Jasti (6) Jamabandy Goshwara (7) Acquittance Roll (8) Paddy Jama Karch (9) Jinisi Jama Karch (10) Register of Jewels and vessels (11) Counterfoil indent book.

A cash book and an attendance register are not maintained. These should be opened at once.

The vessels and jewels do not appear to have been inspected by any one. This must be done soon.

In the scale of expenditure referred to above Rs.1345 is provided on account of kandayam and cesses. The Kandayam has since been raised to Rs.1387-3-9. The scale of expenditure - should be modified.

A sum of Rs.1067-4-0 was ordered to be recovered from -- Shanbhog Manjappiah since deceased being the value of paditara

paditara paddy found short in stock. For the recovery of the amount his lands were forefeited and sold. Only a sum of Rs.110/- was realised, as this amount was low the sale has been cancelled. The recovery - of the amount is under correspondence.

The quantity of paddy allotted for paditara in -- the sanctioned scale is ~~100~~ 180 kandies. This may be -- reduced by 60 kandies for reasons noted below:--

As per account of rice consumed from December 1926 to March 1928, it is found that on an average 195 seers of rice are required for a month. One kandy of 50 seers of paddy yields 20 seers of clean rice. So to get an outturn of 200 seers 10 kandies of paddy are required per month or 120 kandies per year.

The sum of Rs.100/- provided for carting charges of paddy is excessive. About 20 to 25 Rs. will do for the purpose.

The scale of expenditure will have to be modified. The balance at the credit of the institution on 1-7-27 was 2987-6-0 and as large sums are required for repairs the rates of gutta should be revised early.

SIR,

Adverting to Government Order No.1707-8/Muz.301-28-2 dated -- 25th February 1929 calling for the submission of monthly progress reports on the points contained in the Inspection notes of Kigga temple and the Hariharpur Matt in Koppa Taluk, I have the honor to forward herewith copies of the progress reports received from the Deputy Commissioner Kadur District with his letter No.A-1979-25 of 30th May 1929 and to state that the Deputy Commissioner has been - requested to submit the progress reports for June 1929.

2. A detailed report regarding the lease of the temple lands -- has been separately submitted to Government in connection with the appeal petition of the tenants.

I have the honor to be,

S i r,

Your most obedient servant,

R. Narasimha Ayyangar
for Muzrai Commissioner.
(about from station)

Copy of progress report No.S2-1139-28 dated 26th May 1929 from the Sub Division Officer, Tarikere Sub Division, Tarikere, to the Deputy Commissioner, Kadur District, re: the inspection of Hariharpur Matt by the Muzrai Commissioner on 18th April 1928.

With reference to your No.A5-1979-28 dated 1-3-1929 calling for report on the notes of Inspection by the Muzrai Commissioner of the Sri Hariharpur Mutt, I have the honor to state as follows:--

Repairs of Mutt:- An estimate for Rs.6,970/- has been sanctioned by Government and a sum of Rs.5,600/- has already been transferred to the credit of the Public Works Department for its repairs. The Public Works Department has undertaken the work and the same is in progress.

Revision of Lease of lands:- A statement of all the lands noting therein "Gadi" in kind, "migathe" in cash, and the conditions of land -- etc., has been called for from the Amildar,. On its receipt, the whole question will be examined and suitable proposals submitted in consultation with the Saguvalidars.

Alienations:- Regarding the un-authorised alienation of Inam and Sircar lands, the Amildar has been asked to investigate and report all such cases. The Revenue Inspector is preparing the statement of -- alienations. In one case in which the investigation was completed, -- resumption of the land has been ordered.

Fixing of fresh scale. The question of revising the scale of the Matt, keeping in view, the observations of the Muzrai Commissioner, has been taken up and proposals will be submitted at a very early date.

Cash Book, Attendance Register and Inspection of Jewels etc.,

These registers have since been opened and entries are being made regularly. Jewels and vessels have been inspected by the Amildar , Mr. Wynne.

Demand, Collection, and Balance:- (a) Regarding the payment of assessment of Kamalapur village. The Pass Book opened from 1925-26 does not show a debit from the Matt funds. It is being paid by the Genidar direct. The procedure not being in order, the Deputy Amildar has been requested to credit the amount to the Matt funds, from the current year so that the kandayam might be adjusted from the Matt funds.

(b) With regard to the credit of Rs.356-3-0 belonging to this institution to Megur Sri Venkataramanaswamy temple, the Amildar reports that

that a reference has been made to the Comptroller for the adjustment of the amount to this Mutt and orders are awaited.

(c) The sum of Rs.75/- in Revenue Deposit has been credited to Matt funds as per instructions of the Muzrai Commissioner.

(d) Regarding the sum of Rs.1067-4-0 to be recovered from Shanbhogue Manjappiah, the connected records have been submitted to the Deputy -- Commissioner with this office No.&1-653-27/191 dated 30-8-1928 in -- connection with an application for remission. The original inspection notes are returned herewith as desired.

SIR,

In continuation of this office letter No. 2211 of 28-29 25th September 1929, submitting copies of Progress reports of action taken in respect of points noticed in my notes of inspection of the Nagga temple and Hariharpur Matt in Kopa Taluk, I have the honor to forward herewith copies of further progress reports for the month -- of August 1929, received from the Deputy Commissioner, Kadur District together with a copy of this office review thereon.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

Report No.GI.9818/29-30 dated 11-8-1929 from the Amildar, Koppa Taluk, received from the Sub Division Officer, Tarikere, with his memo No.S.2.1138-28 dated 14-9-1929.

I beg to submit herewith the 111 Progress report for the month of August 1929 on the inspection notes of Sri Rishyasringeswaraswamy temple at Kigga by the Muzrai Commissioner in Mysore on 18-4-1928.

2. Entrusting maintenance of accounts and collections of Gadi Paddy and Kanikes etc., to the senior ---- Shanbhogue.

The collection of Gady paddy and Manike are being done by the Shanbhogue himself under the supervision of the Revenue Inspector, Kigga. Since there are 27 villages attached to this temple, the Shanbhogue cannot go to all the villages and collect paddy. As the Revenue Inspector, Kigga Hobli is entrusted both with the Revenue work and Muzrai work, it is better if the collection is entrusted to the Revenue Inspector and the Shanbhogue to receive Manike under the supervision of one of the Dharmadarsis as he is supposed to be a stationery man at Kigga. The Shanbhogue may under the directions of the Revenue Inspector and Dharmadarsis issue paddy chits to the Guttadars and collect paddy and cash. However, the entire responsibility of collecting paddy and cash cannot be placed entirely at the hands of the Shanbhogue.

3. Taking security from the Shanbhogue.

Since the Shanbhogue handles paddy and cash on remitting them to the Treasury it is essential that he should furnish security and the Dharmadarsis too are of opinion that a security of Rs.100/- is enough and might be taken. This may kindly be approved.

5. Arrears due from Hedase Srinivasa Sastry.

This case is pending decision in the Chief Court.

7. Change of procedure in respect of cattle offerings.

This subject was placed at the meeting and the Dharmadarsis are of opinion that the cows yielding milk should be handed over to the archaks as it is difficult to secure milk for Abhisheka to the diety every day and the rest sold at the time of Navaratri as there is likelihood of getting a higher bid at that time. This may also be approved.

8.-Collection of Sarti Areca-nut.

The collection os Sarti Arecanut no being done at present holds good and the Arecanut collected may at the opinion of one of the Dharmadarsis be sold then and there at the prevailing market rates. As it is very difficult to store all the collected arecanuts in one place and then sold, will fetch a lower rate and hence the above proposal may be approved.

10. Supply of a strong box or construction of a cellar for the deposit of jewels.

The executive Engineer has been addressed direct by the Sub Division Officer and the Dharmadarsis too are of opinion that a strong room is quite essential to keep the silver articles. The executive Engineer may be remined once more to expedite the work early. Another D.O. letter is being issued.

11. Use o un-serviceable gold ornaments.	The undersigned discussed the mat the Dharmadarsis, the gold and La were taken back from the Jahagir Auth and handed over to Mr. C.N. Subba Rao agreed to undertake the work and get the ornaments done. A detailed report for the disposal of the same has been submitted --- separately for favour of orders.
13. Vessels.	The services of an engraver has not yet bee secured and this will be done soon after his services are secured.
14. urchase of articles by tender.	Tenders were called for and no body came -- forward. The Dharmadarsis are of opinion - that the present system of purchasing the articles through the Co-operative Society may continue as it is working satisfactorily. This may also be approved.
18. C ange of D armadarsis	Proposals for the change of Dharmadarsis ha been submitted for favour of approval.
22. Remitting the pay of t mple servants by money order.	This subject was discussed at the meeting a the Dharmadarsis are of opinion that the pa and p ditara due to the servants and co-ope ive Society may be remitted by money order debiting the commission from the temple fu The present system of sending the money eit through the Revenue Inspector or the Shanbh involves great difficulty and it is better if the proposal of remitting the same by money order is approved.
23. Alienation.	A statement of lands that are alienated ha been received and the same is being kept for investigation by the undersigned.
24. Light	Providing lights for the temple has been taken into consideration and orders have been received from the Sub Division -- Officer to submit proposals soon after the funds of the institution permit.

The other questions have been disposed of.

"C o p y"

For Kuzrai Commissioner.

Report No.Gl.9583/28-29 dated 10/9/1929 from the Amildar, Koppa Taluk, received from the Sub Division Officer, Tarikere, with his No.S2-1139-28/523 dated 14th September 1929.

I beg to submit herewith the 111rd progress report for the month of August 1929 on the inspection notes of Harihapur Sri Matt held by the Muzrai Commissioner on 16-4-1928.

1. Revision of lease of lands.

A statement showing the details of fixing of moderate rate of gadai in kind, and cash, which has been submitted for favour of orders, has since been received to inspect all the lands in detail and to submit the original references if any in this connection. This will be submitted after the inspection of the land.

2. Alienation.

Out of 12 cases of alienation found in Harihar pura Sri Matt, 4 cases have been investigated and proposals for the resumption of the lands to Harihapur Matt in all the remaining cases, will be submitted after the investigation.

3. Fixing up fresh scale.

The connected records have been submitted ~~xx~~ for favour of orders and soon after its receipt, fresh scale will be submitted for favour of approval.

4. Demand, Collection and balance.

Rs.556-2-2 which has rough credited to Nagar Sri Venkataramanaswami temple has been adjusted on 10-9-1929 under the orders of the Comptroller.

Regarding the recovery of Rs.1,067-4-0 which was said to have been misappropriated by the late -- Shanbhogue Ranjappaiah, has been disposed of by the Deputy Commissioner in his No.A5-302-26 dated 31-7-1929 and orders have been received to the effect that the amount alleged to have been misappropriated by the late Shanbhogue Ranjappaiah, relate to Nivedana and Naditara Deeparadhane sevas in the Matt which has been done under the instructions of the Swamigalavaru. Hence further ~~xxxxxx~~ proceedings has been stopped.

All the other items have been disposed of.

"C o p y"

For Muzrai Commissioner.

Review on the progress report for the month of August 1929, re the points observed by the Muzrai Commissioner in the inspection notes of Sri Rashya Sringeswaraswami temple at Kigga, and Hariharpur Matt received fro the Deputy Commissioner Madur District, with his No.A5-1978/28 dated 20-10-29

Sl.No.	Amildar's report.	Remarks.
	Subject:-	
1.	Entrusting maintenance of accounts and collections of Gadi Paddi and Kanikes etc., to the senior Shanbog. The collection of Gadi Paddi and kanike is being done by the Shanbog himself under the supervision of the Revenue Inspector Kigga, since there are 27 villages attached to this temple, the shanbog cannot go to all the villages and collect paddi. As the Revenue Inspector Kigga Mobli, is entrusted both with the Revenue work and Muzrai work, it is better if the collection work is entrusted to the Revenue Inspector, and the Shanbog to receive kanike under the supervision of one of the Dharmadarsis as he is supposed to be a stationery man at Kigga. The Shanbog may under the directions of the Revenue Inspector, and the Dharmadarsis, issue paddi chits to the gutnadars, and collect paddi and cash. However the entire responsibility of collecting paddi and cash, cannot be placed entirely at the hands of the shanbog.	The suggestion appears to be sound and may be adopted. The Revenue Inspector will collect the paddi dues, and the Shanbog the Kanikes. For work connected with the temple he gets an allowance of Rs.10/- per month, and he should therefore do at least this much work, and the supervision over the Shanbogs work, and the audit of the accoun As some of the servants are paid in grain there is no objection to their being given chits by the shanbog for their wages and getting from them acknowledgments. which will save a lot of extra work. The shanbog will not be able to attend to collection of paddi in 27 villages. He can only be entrusted with the collection of kanikes as proposed. One kind of collection of paddi is, when the Shanbog gives the chit, authorising the party to pay the remuneration of each particular temple servant, and getting his acknowledgment thereafter. These acknowledgments may be filed and the same entered in the temple accounts books and be

ledgers as receipts, through the servants concerned.

5. Unserviceable gold ornaments etc., In the inspection notes, info ation had been called for as to whether the -- Lakshmi coins, belonging to the temple which were stated to be in the possession of the Jahgir authorities, had been made use of for some neck ornament for which -- they were intended. Similarly information had been called for, if the 15 tolas of gold had been taken back from the Jangir Deputy Amildar. The Amildar now reports that the gold coins have since been taken back from the Jangir authorities, and handed over to Mr. C.V. Subba Rao who has agreed to undertake the work, and to get the ornament made. Security should be taken from Mr. C.V.Subba Rao for the safe custody of the coins and he should be requested to have the jewel made early. A final report in the matter, should be submitted to this office, as soon as the Jewel is made and handed over to the temple. As regards the ingots of gold found to have been with the Jahgir Deputy Amildar. Information may be furnished restored whether it has since been ~~returned~~ to the temple, or any ornament made out of it etc As regards maintaining two ---- separate registers one for serviceable articles and another for unserviceable ones, suggested in the inspection note information is not ~~required~~ overall the

SIR,

With reference to your letter No.1503 Muz.301-28 dated 10th January 1931 in re the pending items in the inspection notes of the Kigga temple (vide this office letter No.C.2211 of 28-29 dated 16/20th September 1930) I have the honor to state as follows:-

(1) Construction of cellar.

The Deputy Commissioner reports that the Executive Engineer ~~xxxxx~~ has been addressed to send up an estimate, but as the balance at the credit of the institution is low and the matter is held up for the present till the resources of the institution improve.

(2) Alienations.

As regards the above, the Deputy Commissioner reports that he has directed the Amildar Koppa Taluk to investigate the matter and to submit a report. A final report regarding the action taken is awaited. The Deputy Commissioner has also been requested to ---- hasten the investigation.

& (3) Revision of the scale of income and expenditure.

The Deputy Commissioner has been requested in this office -- letter No.C.719 of 30-31 dated 9th April 1931 to expedite the submissioner of the revision proposals.

I have the honor to be,
Sir,

SIR,

With reference to your D.O.No.670/Muz.301-28 dated 6th November 1931 regarding the settlement of the points noticed in the notes of inspection of Sri Rusnyasrngesvara Swami temple at Kigga, I have the honor to state that as already stated in my letter No.C.2211/28-29 dated 25th April 1931, there are only 3 points remaining to be disposed of viz., (1) construction of a cellar for depositing the temple jewels (2) alienation of temple lands and (3) revision of scale.

2. The question of constructing the cellar was been dropped for the present as there are no sufficient funds at the credit of the institution. Vide this office letter referred to above.

3. Regarding the alienations of the temple lands, the Deputy Commissioner, Kadur District reports in No.A5 1978-28 dated 8th August 1931 that the Sub Division Officer of Tarikere Sub Division has been instructed to investigate the matter and that further action will be taken on receipt of his report. The Deputy Commissioner has this day been reminded to ask the Sub Division Officer to expedite the investigation.

4. As regards the revision of the scale, proposals have been received from the Deputy Commissioner and some further details have been called for.

I have the honor to

Sir,

Your most obedient servant,

3 - APR. 1937

SIR,

Alienation of the inam lands belonging to Sri Rishyasringeswaraswami Temple at Nidsa.

With reference to your D.O. No.1336 Mus. dated 31-3-1937 on the above, I have the honor to forward herewith a copy of letter No.A5-29 29 dated 28-3-1937 from the Deputy Commissioner, Kadur District, and state that the jeni sarars have been executed by 97 persons and that the records have been sent up for orders of resumption in the remaining 5 cases in which the leases have to be disposed of to others as the lease amounts have not been paid by the present holders.

2. It is seen from the Amildar's report dated 7-3-1937 (copy enclosed) that the lease deeds were obtained from the persons who are in the actual possession of the lands and that there is no alienation.

3. Action has been taken in the remaining 5 cases also. I request that the matter may be treated as closed.

I have the honor to be,
Sir,
Your most obedient servant,

K. V. Anantaraman

Letter No.A5-792-29 dated 28-3-37 from the Deputy Commissioner, Kadur District, to the Muzrai Commissioner in Mysore.

Regarding the bonds to be obtained from the Genidars of Kigga temple.

In continuation of this office No.A5-792-29 dated 26-2-37 on the above subject, I have the honor to forward herewith the report No.56/32-33 dated 5-3-1937 received from the Amildar, Koppa Taluk, through the Sub Division Officer, Tarikere, and to state that, it is reported, the geni leases have been got executed from 97 persons as per list enclosed in the file (Flg.11) who are in the actual enjoyment of lands and that, in five cases, the lease bonds have not been obtained as they have failed to pay up the lease amount. I willlexamine these questions again when I next go to Koppa and will forward a further report

For Muzrai Commissioner.

Letter No.56/32-33 dated 5-3-1937 from the Amildar, Taluk Office, Koppa to the Sub-Division Officer, Tarikere.

Reference:- Deputy Commissioner Office No.A5.792/39 dated 17-10-36 regarding the alienation of lands and getting the geni bonds from the anubhavadars of inam lands of Kigga temple.

With reference to the above memo I beg to submit herewith a consolidated list of anubhavadars prepared after enquiring and also a list of persons who have executed the necessary geni deeds. All the above leases have been registered and I have also issued instructions to prepare the khates in the temple accounts according to these geni deeds. Geni leases have been got executed from the several persons who are in actual enjoyment according to the instructions issued from time to time. Where lands are lying fallow the undersigned is trying to dispose them of for cultivation and bonds will be got executed as soon as leases are confirmed to them in future. In five cases the lease bonds could not be executed since records have been sent up for resumption of the lands, as they have failed to pay up the geni dues and leases are recommended to be disposed off to others. With the exception of those cases, in all other cases the lease deeds have been got executed.

Since these lease deeds tally exactly with the actual enjoymen and as the khates represent the actual anubhavadars the question of alienation of lands does not arise. As this work is completed the record relating to this may kindly be ordered to be filed. The consolidated list accompanies.
